G. P JUDD,

N this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of it combination it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three diff. erent kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which gently stimulates, while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worth-less and inert roots, and of course possess no healing or curative properties, and patients in making choice UST received by the undersigned, per Clipper of which they will use should take no other, but that one entitled to their confidence from the long list of

of cures it has effected and living witnesses whose tes-

ASTONISHING CURE. Patterson, N. Y. 20th, 1851. Messrs, A. B. & D. Sands : Gentlemen .- Having and mixed trowserings, cloths, flannels, baizes and blankets in great variety, white, colored and fancy your Sarsaparilla, it gives me pleasure to send you shirts, blue serge shirts, red serge shirts, worsted, the following statement in regard to my son. REMARKABLE CURE OF BRONCHITIS. NEW YORK, FEB. 17, 1840 Mrssrs Sands .- Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress : caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with phthisis and great difficultyin breathing, would soon have terminated my life, had I not obtained relief through the medium of your invaluable Sarsaparilla. I must say gentlemen, when ! commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not suprise you, when you are informed I had tried more than fifty different remedies during the past four years, without any success, but after taking you Sarsaparilla a few weeks, I was obliged at last to yield to evidence. This marvellous specific has not on relieved but cured me; and I therefore think it my duty, gentleman, for the benefit of suffering humanity, to give you this attestation of my cure.

Yours, very truly, D. PARENT. Consulate of France in the United States, The above statement and signature were acknowledged in our presence by Mr. D. Parent as true. For the Consul General of France.

The value of this Medicine is now widely known and every day the field of its usefulness is extended It is approved, and highly recommended by Physicians, admitted to be the most powerful and scarching preparation from the root, that has ever been removing diseased action in the absorbing and secreting organs. In man, Nature seldom effects, unassisted, the cure of any virulent disease, but requires the aid of a stimulant, alterative, or antiseptic medicine. In diseases of the skin and flesh, a combination of these three classes of medicinal agents highly desirable. All these properties are combin in this preparation; and instead of operating saccessively upon the system, as they must necessarily do when taken separately, they operate simultaneous ly, and in perfect harmony when administered is this form. Its tonic property strengthens the detendency carries off the accumulations of morbs

DR CONINE'S Syrup of GINSENG AND MALVA.-This medicine depends more upon tent and effectual remedy for Affections of the Lungs: but what will particularly attract attention, is its astonishing Dissolvent power, by which it " once removes all Phlegm, or extraneous matter, from the Throat, Stomach or Lungs. It is therefore Anti-Expectorant, and from attestations of trial

of creating irritation by expectoration. It is aromatic, and increases the general warmts. possessing the exhiliarating qualities of the Tes Dyspeptic Remedy and Appetiser, it has probably no equal in the whole vegetable kingdom. The interesting history of the Ginseng, &c., is to
